STEP 1 - Your Own WordPress Website

You must have your own professional “WordPress” website which includes your own professional [domain](#) name “www.yourname.com” and your own hosting services... you must have a place to send all your customers to buy your amazing product, landing page, capture page, home page, download page, thank you page or sales page...

STEP 2 - Professional Auto-responder

Must have essential tool for any entrepreneur looking to build a successful online business... Using your own [auto-responder](#) you will be able to build a list of buyers or a list of potential buyers that will make you money over and over... Paid auto-responders are the best options since you get unlimited features...

STEP 3 - Website Builder

A must have Plug in for word press to build all your sales pages about your product... with this amazing website builder plug in [Thrive Leads](#) you can create unlimited capture pages or landing pages often called Sales Funnel, that are commonly used to capture the info of your potential customers and turn those customers into sales... this capture pages or sales funnels are used with an html form which you will get from your auto-responder provider... The whole idea is collect as many subscribers, email leads and turn them into recurring monthly payments and sales for you... Need an Automated Platform?
I Recommend [ClickFunnels](#) Best Platform

STEP 6 - Your Ad Tracker

The [web analytics tracker](#) is a forgotten tool by professional marketers, this tool will significantly increase the accuracy of your sales by tracking clicks and sales and where they come from...

STEP 7 - Traffic Traffic Traffic

Blogging

The most powerful way to generate traffic is to [start blogging now](#), making a new post will cause to Google start searching on your post which will bring a decent amount of traffic to your post, of course every single post must have a call to action to opt in freebie with capture page which will redirect to a front end product one time offer then to email newsletter back end product... post post post... At Least 1 Post per day will generate insane amount of traffic...

Social Media

The second way to generate traffic is social media: Make sure to engage with your friends on facebook like share and so on, you can also join many social media platforms such as Instagram, [Futurenet](#), Twitter, G+, Linked In, where you can post your blog post or your lead magnet to generate traffic and leads... Do [Webinars](#), you tube make videos on youtube and add your links to the descriptions... video can be about anything related to marketing or about yourself... Twitter, tweet, tweet, tweet... You can post to multiple platforms using [Social Pilot](#)
